Paging Tables

Dr. Denton Bobeldyk

Paging Table Hierarchical

4 bit address space (toy example)

4 bit address space (toy example)

Bit 0

Outer Page Table

0	Memory address of the first inner page table
1	Memory address of the second inner page table

4 bit address space (toy example)

4 bit address space (toy example)

Offset is last 2 bits

4 bit address space (toy example)

Bit 1

Inner Page Table 0

0	Physical Address of Frame 6
1	Physical Address of Frame 13

Inner Page Table 1

0	Physical Address of Frame 14
1	Physical Address of Frame 9

Bit 0

Outer Page Table

Frame number 6

Frame number 9

Frame number 13

Frame number 14

Physical Ram

Offset is last 2 bits
